NOOR Cheat Sheet

Click Left Tumbstick to
activate Locomotion

Toggle Laser

Open NOOR UI

A or X → *Open NOOR UI*

B or Y → *Toggle Laser*
*(when Gizmo is active **Y** button will iterate "gizmo modes" - move, rotate, scale)*

Trigger → *Highlight selection* / *Select objects*

Left Thumbstick → activate *Locomotion*
      once locomotion is active:
        Left stick → *Horizontal Movements*
        Right stick horizontal axis → *Rotate,* vertical axis moves → *Up and Down*

Alert: When the **UI** is opened, tools will automatically reset to **"no tool"** mode.
